

Michael Malandra Fine Art Photography

Southwest Photography Workshop Tour Recommended Gear

- DSLR camera body
- Lenses (at least one of the following) Having only one lens, the 17-50 lens range is your best bet. This is the lens that comes with most camera bodies.
 - * Wide angle range 10 to 30
 - * Normal range 17 to 50
 - * Telephoto range 70 - 200
- Tripod
- Extra batteries plus the battery charger
- Extra memory cards (8GB or larger)
- Filters
 - * Circular polarizing filter
 - * Graduated neutral density filters
- Remote shutter release
- Lens cleaning cloth with spray solution
- Comfortable camera bag good for light hiking
